Travel Awards

A number of competitive travel fellowships to attend the CPDD meeting (registration and up to \$1000 for travel expenses) are available for scientists who have received their terminal degree, but are not more than 5 years beyond their doctorate (Ph.D.) or residency (M.D., D.V.M., etc.). There will also be a limited number of awards for foreign scientists spending not more than 2 years in the U.S., and for individuals in Ph.D. programs at institutions with little or no NIH support. To apply, please submit your curriculum vitae including publications, a brief letter stating why a travel award is needed, a letter from a mentor, and your CPDD abstract. Your mentor's letter should verify your status and indicate why you should be chosen to receive the travel award. The deadline for applications is in December. Only 1 individual from any laboratory or administrative group can apply for each category of travel award. Previous award winners are not eligible.
